WILL OCCUPY CHIHUAHUA

**REVOLUTIONISTS ON THE WAY TO
CITY EVACUATED AN THE
FEDERALS.**

Juarez, Mex., Dec. 2.—Gen. Francisco Villa will leave tomorrow morning for Chihuahua, where he will establish a base for his military operations and prepare for the arrival of Gen. Venustiano Carranza, who will make Chihuahua the provisional capital of the Constitutional government. Practically the entire Juarez garrison will be taken along by Gen. Villa, only enough men being left to protect the border city from a surprise by the federals.

Tonight Gen. Villa gave out a lengthy interview to The News correspondent in which he explained why he did not dispatch Gen. Rosalio Hernandez and his cavalry to give fight to Gov. Gen. Mercado of Chihuahua, who is moving from the state capital which he evacuated Sunday to Ojinaga.

Gen. Villa said: "My trains are already loaded to leave Juarez. In the morning we will be moving. I hope to have my headquarters established there by Thursday night. Gen. Hernandez has been ordered to move to Chihuahua from Villa Amumada and I think he should be in Chihuahua City by tomorrow noon. He will have charge of the city until my arrival."

Hearing on Fare Penalty.

Oklahoma City, Ok., Dec. 3.—Evidence was taken upon the Corporation Commission's proposed order to revoke the permission to carriers to charge a fare penalty when passengers boarded trains with out tickets. The extra charges are 10c, 25c and 50c according to the price of the ride. It was brought out that complaints arose chiefly from interstate travelers who were practicing the buying of tickets to the state line, then pay fare to destination for the purpose of securing advantage of the 2c fare in Oklahoma. According to the commission's view the Minnesota decision permits passengers to do this. When the travel is between states the carriers' rate is 3c all the way, upon the assumption that 2c does not compensate for the service. Commissioner Watson, who presided, intimated that an order would be issued.

FEDERALS READY TO SURRENDER

Juarez, Dec. 2.—Seven Generals of the Mexican regular army are ready to surrender, and the backbone of the Huerta dictatorship in the North has been broken.

A peace commission arrived in Juarez tonight bearing terms of the surrender.

The commission was headed by Odilon Hernandez and came from Chihuahua bearing a proclamation signed by Gen. Salvador Mercado, Huerta's military governor, and commander of the federal forces in the North.

The proclamation stated that the Huerta government was bankrupt and was unable to pay its soldiers.

If you have rooms to rent, place a Want Column and read it every day. Take advantage of this service.

PRESIDENT'S MESSAGE

OUTLINES POLICY OF ADMINISTRATION—MAKES PROFOUND IMPRESSION.

Washington, Dec. 2.—President Wilson laid before Congress today the legislative ambition of the Democratic administration.

For exactly twenty-eight minutes the President stood before the assembled senate and house in the chamber of the latter and read his first annual message. Applause punctuated important utterances, and when he had finished there was an enthusiastic demonstration with handclapping and cheers. Briefly, the president outlined a program for social justice and the general welfare of the nation and proclaimed the aspirations of the United States for international amity and the maintenance of constitutional government in all America.

With close, almost eager attention, members of the two houses listened, and time and again the legislators

themselves gave vent to their enthusiasm along with the crowded galleries.

Less than 3,000 words long, the message was one of the briefest and most novel of American state papers—a marked contrast, as presented by its author today, to the hitherto lengthy documents averaging 20,000 words or more, droned through by a reading clerk to an inattentive congress.

There was another contrast conspicuously apparent. President Wilson had read three messages before—on the tariff, on currency and on Mexican affairs. The first time he addressed a joint session in person, early in his term there was an atmosphere of stiff formality, applause was liberal but perfunctory, and there was an indefinable air of precedent being broken—or a century-old custom being revived.

Also, there was an expectant curiosity as to how the president would be received. Today the president's welcome was warm, almost uproarious, as he concluded his reading.

Later Republicans and Democrats alike pronounced the message the utterance of a statesman.

"I like the idea of the president coming before congress," said Representative Mann, republican house leader, "and reading a short message pithy and to the point. In the main, I liked the message today. I think everybody will recognize it as the utterance of a statesman, regardless of whether he agrees with its details."

Of particular significance was one outburst of applause regarded in the National capital tonight—the unanimous approval that greeted the president's remark: "There can be no certain prospect of peace in America until Gen. Huerta has surrendered his usurped authority in Mexico."

Among those who would discuss the message in congress there was a general indorsement of the administration policy toward Mexico.

STRIKING POINTS IN

PRESIDENT'S MESSAGE

President Wilson repeated his assertion that President Huerta must be eliminated, but made clear that his policy was that of waiting for Huerta's

Smoking the desperado out of a mine in Utah is an example the people of Oklahoma will probably follow next year with some of the politicians of various parties who figure on running things.

A soft word is often sufficient to melt the ice that is rapidly forming between two friends. If pride holds the tongue of both the chances are that the ice will soon become an impenetrable wall which nothing can melt.

The first issue of the Tulsa Sun has reached our exchange table. It is the afternoon edition of the World and will be sold for a cent per copy. It is a bright newsy sheet, one of the best in the state, but it remains to be seen whether or not Tulsa can support three daily papers.

The high price of eggs and plans for breaking the combine is a subject that has run both Harry Thaw and the Mexican revolution off the front page of the daily press. We have not worried much about it, being content to wait until the price drops or our pocket book has a bulge instead of a sink hole in the middle.

The governor and board of prison control are having a setto over the management of the McAlester penitentiary. The board is trying to fire Warden Dick and the governor comes back and tells the board that Dick is going to stay right on the job and if they don't like it they can resign and get out. It is the board's move now.

WORK OF UNITED CHARITIES.
For several winters past the United Charities of Ada have done very effective work for the relief of persons in temporary distress. The organization is supported by voluntary contributions, and most of the business houses of Ada now contribute a fixed amount each month, thus giving the organization a fixed income. Rev. R. E. Early has been appointed superintendent in place of Rev. S. B. Damron who recently moved away. He will give it close attention and see that all are given justice. Any one having occasion to confer with him may phone 421.

The News greatly appreciates the many high compliments at home and from abroad on the booster edition. All agree that it is right up to the top notch and a fine representation for the city and county. It is much easier to mail a copy back to the folks in the old states than to try to write of the advantages of this section and it costs only 10 cents for a copy of what is pronounced by those in a position to know to be the best issued in Oklahoma this year.

"AN HOUR BEFORE DAWN"

Miss Laura Sawyer Scores a Success in a Three-Reel Detective Story with the Famous Players.

In "An Hour Before Dawn" a scientist engaged in experiments on an explosive ray is found dead. The previous evening his son and heir had quarreled with him about an actress. In the house there is found a pistol with one unexploded cartridge, but with the bullet missing. The death is caused by a missile of the same caliber. Here is the first real clue.

The story, which is in three reels, is cleverly constructed and holds the attention closely. Miss Laura Sawyer, as Kate Kirby, the detective daughter of the paralytic ex-detective (well played by House Peters), is most interesting in her portrayal of the woman doing police work. She seems to bring to her duties more than police instinct and that which of course no man can bring—a woman's intuition. She has splendid support.

The production is notable for the police atmosphere, from the time when the office are summoned to the home of the wealthy astronomer lying dead in his study to the successful demonstration by Kate Kirby of the forces that accomplished the professor's destruction. We see the men of the law searching the house for clues, questioning the members of the household and the son, and holding consultations. We see the working of the notorious third degree, which of course is without the law and yet is always defended by every policeman as being as essential in the ferreting out of crime as it is brutal in method of execution. The means employed by Kate Kirby in solving the mystery are logical and convincing.

The settings are elaborate. One of the best is the observatory of the scientist, containing the great telescope.

STALL'S STUDIO

Where Homeliness is Turned to Beauty

scope. The views of the heavens thrown on the screen are from actual photographs taken by one of the country's foremost astronomers. The engine of destruction on which the professor was working is an elaborate contrivance.

"An Hour Before Dawn" is a good picture—and one of the many factors contributing to this end is the steadily sustained interest. The acting and direction are excellent, and so of course is the photography.—Dramatic Mirror.

TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur It Darkens so Naturally Nobody Can Tell.

The old-time mixture of Sage, Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering sage and the messy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff itching scalp and falling hair.

(Adv.)

Washington News Notes.
A trio of bills to regulate interstate railroads and other corporations was introduced by Chairman Adamson of the house interstate commerce committee.

Senor Don Juan Riano y Gavangos was received by President Wilson in his new capacity of first ambassador from Spain. Senor Riano has represented his country in Washington as minister since May, 1910.

To facilitate the handling of parcel post mail, the postoffice department has begun the establishment of railway postoffices in cities having large railway facilities. It is planned to bring the total of such offices up to 150 before the close of next year.

Floating bar rooms in navigable waters within harbor limits of cities must comply with city liquor regulations. The supreme court so decided in the case of William Rabb, who contended that New Orleans regulations did not extend to an excursion steamer on interstate waters.

Cut rate dealers in copyrighted books won a victory when the supreme court held that agreements between publishers and regular booksellers not to sell books to those who resell to the public at less than the price fixed by the publisher, violate the Sherman anti-trust law.

Jail sentence only and no fines for violations of the Sherman law are proposed in an amendment introduced by Representative Henry. It also would declare illegal any device to restrain trade, manipulate prices, prevent competition or fix standards for controlling prices.

In furtherance of his policy of strengthening the administrative work of the bureau of Indian affairs, Secretary Lane has requested Secretary Houston to approve the transfer of

DON'T make the mistake of thinking you cant be fitted in ready clothes. You can get just as good a fit in ready clothes as a custom tailor can give you.

There's an easy way to prove it; because fit is something you can see for yourself. Rates on grain and other commodities over the Louisville & Nashville railroad were approved by the supreme court in the so-called Kentucky state rate case.

SEND A BOOSTER EDITION TO OLD FRIENDS
Those of our readers who wish to help the country by letting their friends in other states know just what advantages this county possesses, should buy a few copies of the News booster edition and send them to places where they will do most good and help interest desirable people in this section. They cost a dime each or \$1 per dozen at the News Office, postage to be paid by the sender. Drop in when visiting Ada and get a few. We would like to give them away, but they cost too much for that to be possible.

For Bruises.
Starch or arrowroot, slightly moistened, keeps down swelling and facilitates the healing of bruises.

Things to Worry About.
There are women carpenters in Thibet.

AFTER SICKNESS

Mrs. Gardner Tells How to Restore One's Strength.

So many people are asking how to recover their strength after severe sickness that we are publishing this information for their benefit.

After gripe, pleurisy, pneumonia or any illness what you need is new strength and better blood.

The most certain way to get this is by taking Vinol, our delicious cod liver and iron preparation.

Mrs. M. T. Gardner, Chicago, Ill., says: After a very serious operation I was a total invalid for nearly a year and a convalescent for months thereafter, I gave the remedies of a number of eminent specialists a thorough trial, but without deriving the slightest benefit. Vinol was recommended.

Without the least faith in the merits of the medicine, I took it faithfully, and it seemed to bring back the old color to my cheeks and the elasticity to my step which I had despaired of ever recovering. I can say, conscientiously, that for nervous, run-down people, Vinol is an excellent remedy.

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength.—Gin & Mays Drug Co., Main St., Ada, Okla.

P. S. If you have Eczema try our Saxo Salve. We guarantee it.

but the way some of our Pills for daily ill are prepared makes them less obnoxious to the young. SALTS FINE FOR ACHING KIDNEYS

We Eat too much meat which clogs Kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidneys region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Jericho's Walls Laid Bare.
An interesting account of the progress being made in the excavations on the site of Jericho by Prof. Sellin, is given in a recent issue of the Journal of the German Palestine Society. The writer, Prof. Thiersch, states that the chief work of the past year has been the laying bare of the great outer wall of the city, which is extraordinary, even in its reduced state. The excavators found proof that this outer wall is Israelitish work. The inner wall, which is badly preserved, is

PRISON BOARD WILL STAND PAT

Oklahoma City, Ok., Dec. 2.—Chairman Denton of the Board of Prison Control announced tonight that he would not reverse his views respecting policies at the state penitentiary at McAlester to accord with the suggestions Gov. Cruce made yesterday, and if the governor saw fit to remove him from office, the matter would be submitted for judicial scrutiny as to the executive power. The same view is entertained by Mr. Cambren of McAlester, the Republican member of the board.

Mr. Cambren offered the motion at a former board meeting for the immediate removal of Warden R. W. Dick and Chairman Denton offered the compromise that the Warden's resignation be requested for Jan. 1, which was adopted. Dr. A. E. West of Oklahoma City, the other Democratic member of the board, voted against both motions, and is standing with Gov. Cruce in his policies in prison management. It is understood that the governor will be informed of the stand of the two members before the first of the year.

"The board adopted a resolution which would become effective Jan. 1," said Chairman Denton when asked what was to be done, "and there is nothing for the board to do until that time."

MAKING INSPECTION OF KATY TRACK

M. E. McGill, who is employed by the corporation commission, was in Ada Tuesday. He is making an inspection of the condition of the Katy road bed and track, taking the road section at a time on foot. He stated to a News reporter that the main line is in good shape, but that the commission will probably order considerable work done on the Atoka-Oklahoma City branch, as his inspection indicates that considerable work should be done to bring the road up to the standard.

FAMILY AVOIDS SERIOUS SICKNESS

Being Constantly Applied With Theford's Black Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black Draught in hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black Draught.

Theford's Black Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black Draught. Price only 25c. Get a package today.

CARTER PRESENTS NEW INDIAN BILL

Washington, Dec. 2.—Congressman Charles D. Carter has introduced a bill providing for the reduction of homestead allotments in the Choctaw and Chickasaw Nations to an area of forty acres. The measure seeks to remove restrictions outright in 120 acres transferred from homestead to surplus allotments of Indians of less than three-quarters Indian blood and directs the Secretary of the Interior to proceed expeditiously with the sale of all restricted surplus allotments, by and with the consent of the allottees. Five years with interest at 6 percent is given for payment of such lands to be sold to the highest bidder at public auction and one-half the proceeds of such sale to be paid immediately to the allottee.

Mr. Carter's bill, somewhat similar to the above, it will be remembered, was reported favorably from the Indian committee during the last congress, but lost out on account of a crowded calendar. The bill is started early this year in order that it may have ample time for consideration.

"The trouble with the restricted Indian," said Mr. Carter, "is his large land holdings. He is 'land poor' rich in lands and money held out of his reach by the red tape of the federal government. Each Choctaw and Chickasaw has a valuation of 320 acres of average land and yet they are held to be incompetent to manage any land at all. It is a very inconsistent logic that imposes on a man the care of 320 acres of land when the same tribunal declares him to be incompetent to manage even forty acres."

"The purpose of my bill is to leave each restricted Indian with a homestead of forty acres of good agricultural land and to have that forty acres placed in such a stage of development as will make it attractive to the Indian to live on and cultivate. Incidentally, that part of the lands sold would be disposed of on terms and conditions, so that actual farmers desiring homes might acquire the property, and as this property purchased by the white settlers is developed and improved, the value of the Indian's homestead will be correspondingly increased."

Planning for Peace Centennial.

Richmond, Va., Dec. 3.—The American Committee in charge of arrangements for celebrating the one-hundredth anniversary of peace among English speaking peoples met here today for a two day conference with a view of further perfecting the plans for its campaign. Today's meeting was presided over by Gov. Mann of Virginia and at the session tomorrow Mr. Andrew Carnegie will occupy the chair. Several of the sub-committees previously appointed by the general committee submitted their reports at today's session and others will report tomorrow. Among the matters to be considered by the conference is the proposition of organizing an "Association for the Establishment and Maintenance for the People of the City of New York of Museums of Peaceful Arts," the suggestion of concluding the peace celebration with a week's celebration at the Panama exposition in San Francisco; to arrange for celebrations on special days of the peace between the United States and France, Germany, Norway, Sweden, Holland, Italy and other nations, and to map out a program for the celebrations in various states and cities of the country.

A FAIR WARNING

One That Should Be Heeded by Ada Residents.

Frequently the first sign of kidney trouble is a slight ache or pain in the loins. Neglect of this warning makes the way easy for more serious troubles—dropsy, gravel, Bright's disease. It is well to pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this locality place reliance in Doan's Kidney Pills. This tested remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world. Read the following:

J. M. Page, carpenter, Fourth St., Holdenville, Okla., says: "I can recommend Doan's Kidney Pills. They are just as represented. My kidneys were disordered and the kidney secretions were irregular in passage and filled with sediment. My back ached and I had pains through my sides. When I heard about Doan's Kidney Pills, I used them and they soon made me well."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—on take no other.

Stork and Cupid Canning Plotters

Many a New Home will Have a Little Sunshine to Brighten It.

There is usually a certain degree of dread in every woman's mind as to the probable pain, distress and danger of childbirth. But, thanks to a most remarkable remedy known as Mother's Friend, all fear is banished and the period is one of unbounded, joyful anticipation.

Mother's Friend is used externally. It is a most penetrating application, makes the muscles of the stomach and abdomen pliant so they expand easily and naturally without pain, without distress and with some of that peculiar nausea, nervousness and other symptoms that tend to weaken the prospective mother. Thus Cupid and the stork are held up to veneration; they are rated as cunning plotters to hasten the coming of a little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There are thousands of women who have used Mother's Friend, and thus know from experience that it is one of our greatest contributions to healthy, happy motherhood. It is sold by all druggists at \$1.00 per bottle, and is especially recommended as a preventive of caking breasts and all other such distresses.

Write to Bradfield Regulator Co., 131 Lombard St., Atlanta, Ga., for their very valuable book to expectant mothers. Get a bottle of Mother's Friend today.

PUMPING OIL FROM THE ALLEN OIL WELL

M. B. Donaghey returned Tuesday evening from Allen. He says the tanks at the oil well are in place. Some drilling was done Monday after which 115 barrels of oil were pumped from the well. No more drilling has been done since. At least a dozen more wells will be under way in a very short time.

The Oklahoman says of the situation at Allen:

Already there are drilling contracts for ten new wells to be put down at once in this immediate locality and it is very difficult to secure any kind of a lease within three or four miles of the well that does not carry with a clause calling for drilling within 90 days.

NOTES of SPORTDOM

Baseball Chatter.

A report from Indianapolis has it that Detroit will return Bobby Veach to the Indians next season.

Fred Lake will transfer his lately purchased New Bedford franchise of the New England League, to Fitchburg, Mass.

John (Shono) Collins, of the Chicago White Sox, has bought a house in Pittsfield, Mass., where he intends to make his home in the future.

Leading the International League catchers last season evidently didn't get Bill Bergen anything but the gate. Baltimore recently released the old Brooklyn backstop to Scranton.

D. M. Shively, of Kansas City, has been elected president of the new Western Association. The circuit will comprise Springfield, Carthage, and Joplin, Mo., Oklahoma City and Muskogee, Okla., and Fort Smith, Ark.

A thousand dollars a point for a batting average is some price. But that is just what it cost Harry Hopper of the Red Sox, last season. Harry was to get a bonus of \$1000 if he hit for .290 and the official figures show that he clouted for .289.

Great Bend, the Kansas League pennant winners, will have inscribed on their new pennant "Champions 1911-1912-1913." A muslin showing three championships in succession should be able to withstand a Kansas cyclone several times a week.

According to a ruling of the national commission, "Goat" Anderson must pay \$700 to the owners of the Wheeling Club for his part of an accommodation note. The former Pittsburgh outfielder refuses to settle and says he will jump to the Federal league.

Since "Jack" Pollock, a baseball umpire, won a piano, an order for a woman's tailored suit and a vacuum cleaner at a church bazaar in Aurora, Ill., his mail has averaged five proposals of marriage a day. Which goes to show that there is still hope, even for a poor umpire, if he possesses a piano, a woman's tailored suit and a vacuum cleaner.

Football Notes.

"Big Bill" Edwards, the former Princeton star, picks the Harvard eleven intact as his all-American combination.

Not a touchdown was scored in the Harvard-Princeton, Yale-Princeton or the Harvard-Yale game this season. All the scoring was done via the field goal route.

In the thirteen years Fielding H. Yost has coached the University of Michigan football squads, the Wolverines have played 105 regular games, winning all but ten of them.

Harry Robinson, of the Maryland Polytechnic, is credited with being the best schoolboy football player in Baltimore. He is a son of Wilbert Robinson.

DR. LIGON'S APPOINTMENT TO REGULAR SESSION
Sunday's Globe-Democrat states that Dr. M. W. Ligon's appointment as postmaster of Ada had been confirmed during the closing hours of the special session, but Tuesday's paper stated that it had gone over to the regular session along with a big batch of others which were not acted on during the special session.

The Chinese divide the entire day into twelve parts, each two hours long. During the past year Iowa produced \$6,953,183 pounds of butter, which was sold for \$28,285,240.

SEND A BOOSTER EDITION BACK HOME

The News still has on hand a number of copies of the booster edition and is selling them at the rate of 10c per copy. As stated before no expense was spared in the preparation of this edition, and it certainly shows up the advantages of Pontotoc county in the best possible manner, and as this edition gives more information concerning this country than can be obtained in any other way, every citizen interested in the welfare of this county should send at least one to some one in the old states who would make a desirable citizen here. This will go far towards removing all false impressions and giving one an idea of what is really here.
